CLIENT TESTIMONIALS

“Perfect profile for servicing private client needs, with a very high level of professional services and quick reaction to queries. One of the best providers to work with in Malta.”

Elene Bruggisser,

Managing Director at Family Office Services (FOS) Pte Ltd

“Jean-Philippe was a key advisor to me on the general European and in particular Maltese related tax, legal, accounting and secretarial aspects of a rather complex corporate group structure. We were operating in an extremely dynamic situation, and I was most grateful for his patience and understanding when we had to scrap the last idea and start all over again. He is highly professional, responsive and is excellent at finding practical solutions to difficult situations, whatever the time of day or night. He also has an excellent relationship with his team, and the service provided by his firm is intelligent, joined up and seamless. He is good humoured and imminently likeable and I look forward to working with him again in the future”.
